

The image displays a series of 20 isometric drawings of geometric objects, each placed on a 3x3 grid. To the right of each isometric drawing is a blank 3x3 grid intended for drawing the object's normalized views. The objects are as follows:

- 1. A rectangular prism.
- 2. A truncated square pyramid.
- 3. A cylinder resting on a rectangular base.
- 4. A triangular prism with a diagonal cut through it.
- 5. A cylinder lying on its side.
- 6. A square-based pyramid.
- 7. A U-shaped object with two curved vertical supports.
- 8. A cone.
